6. **Emphasizes** the provision of gender sensitive peace building activities, including the role of women in peacebuilding, the importance of women's equal participation in all efforts in the maintenance and promotion of peace and security and the need to increase women's role in decision-making with regard to conflict prevention and resolution and peacebuilding; In this regard, Council **welcomes** the adoption by the UNPBC of its Gender Strategy to integrate a gender perspective into all its work and strengthen its engagement in gender-related aspects of peacebuilding;
7. **Stresses** the importance of youth participation in peacebuilding in this regard Council **urges** Member States to increase their investments in the youth as one of the ways of sustaining peace;
8. **Reiterates** the importance of preventive diplomacy in peace building as a tool to stop brewing crises before they erupt into a violent stage In this regard, Council **emphasizes the need** to ensure that early warning is matched with early response;

- 9. Stresses the need** for more proactive measures in conflict management, especially through the mapping of fragile points for early engagement, including stronger and predictable budget allocation for preventive diplomacy;
- 10. Further stresses** the importance of effective partnership and cooperation between the UN and the regional and sub-regional organizations including the AU, to improve coordination and cooperation in peace building, and increase synergies to ensure the coherence and complementarity of such efforts;
