3. **Commends** the good working relationship between the AU Mission in Somalia (AMISOM) and the Somali National Army (SNA), whose joint operations have been effective in the fight against Al-Shabaab. In this regard, Council **stresses the importance** of enhanced cooperation between AMISOM and SNA. Council **further stresses the importance** of enhanced support to AMISOM, including the provision of force multipliers and enablers, logistical support, effective human intelligence, surveillance, target acquisition reconnaissance assets, among others;
4. **Underlines** that, although weakened, Al-Shabaab still maintains the capacity to conduct attacks and still retains a presence in the Middle Juba, Lower Shabelle and Middle Shabelle regions. In this regard, Council also **underlines** the importance of expediting the implementation of the planned Operation Juba Valley II;
5. **Welcomes** the decision by the FGS to set the priority of defeating Al-Shabaab within the next two years and **emphasizes** the importance of the FGS to develop a national security roadmap within specified timelines, to build the capacity and train the Somali national security forces for them to eventually take over the responsibility of security in Somalia, taking into account the withdrawal of AMISOM. In this regard, Council **underscores** the importance of providing support to the Somali national forces, including, coordinated training, financial, logistical and other resource support;
6. **Takes note** of the request made by the FGS for transparent, coordinated and complementary capacity building support to the SNA to ensure that the SNA has a common standard and uniform training. In this regard, Council **appeals** to all partners providing training support to the SNA to coordinate their efforts to ensure uniform training;
7. **Recalls** its decision as contained in Communique PSC/PR/COMM (DCXXII) adopted at its 622<sup>nd</sup> meeting held on 6 September 2016, calling on the United Nations Security Council to consider lifting the arms embargo imposed on Somalia, following its resolution 2244 (2015);

In this regard, Council **emphasizes the importance** for all partners supporting the FGS to align assistance with the priorities of the FGS;

10. **Emphasizes the need** to consider reconciliation taking into full consideration of the local culture, which is believed to have better leverage. In this regard, Council **stresses** the importance of home-grown reconciliation efforts and national healing efforts in Somalia;

11. **Acknowledges** that peace building and quick impact projects have proven most valuable in winning the hearts and minds of the people, particularly in liberated areas. Consequently, Council **reiterates** the importance of providing AMISOM with all necessary resources, with a view for it to more effectively discharge its mandate;

12. **Commends** the FGS for the significant improvement of the participation of women and youth in politics in Somalia.
